## WHAT PEOPLE SAY ABOUT CRAIG

I live for the convention Q&A's. I've done so many... An event a couple of weeks ago in Houston was no exception... In all honesty though, it was maybe the best talk back I've had in a long line of bests!

David Anders, Actor (iZombie, Alias, Once Upon a Time)  
*Cliché Magazine Aug 2015*

Craig has great questions, relevant to the topic and his humor and wittiness provide a thoroughly entertaining experience while sharing good information on the subject.

Maria Matarelli

Craig is a true pro. He does a great job in asking interesting, relevant questions - and he actually *\*listens\** to the answers and has a conversation.

Avish Parashar

I thoroughly enjoy listening to Craig's podcast each week. They are informative, educational and entertaining. Craig has a great chemistry with guests that is not forced or fake.

Bill Cole

Craig Price delivers his quirky, eclectic style with every episode. A curator of topics and content, Craig digs in without a lot of primed up sparkle...instead, he tells it like it is. Asks the questions you've always wanted to know.

Scott Cooksey

A man with glasses and a beard, wearing a black jacket, is shown in profile from the chest up, holding a microphone and gesturing with his left hand. The background is dark and out of focus.
